### Discussion Questions for Personal Life and Community Gathering

1. **Justice.** Looking around our city, do you see any inequalities, systemic injustice or oppression?

What could the church do to begin to right those wrongs?

2. **Mercy.** Whose life would benefit from your personal touch, your friendship, and your compassion?

What will you do this week to take a step toward them?

3. **Christ is Lord, I am not.** What does it mean for you personally to proclaim, “Christ is Lord, and I am not?”

Do you find yourself resistant to this truth? Why or why not?

Is there an area in your life that you are hesitant to give over to him?
