### Discussion Questions for Personal Life and Community Gathering

1. Do you find it difficult to confront others with the truth of the Gospel? Why or why not? Share some recent attempts and their results.
2. How do you react when others try to correct you spiritually? Discuss your personal experiences.
3. How can we be more alert in speaking the truth to others in regards to the Gospel? Why is it important for us to confront?
4. Discuss some ways in which you are carefully following Christ? How does this change our judging of others?
5. **Personal Application.** Spend some personal time this week answering the following questions.
  - Who do you need to forgive? And what is the offense that needs to be forgiven?
  - How does Jesus judge you? How does this change you?
  - How can you set up a healthy environment in which you allow people to speak into your life and you speak into theirs?

Close with a time of prayer in your gathering, family worship, or personal time. Pray for specific people to speak the truth of the Gospel to. Pray for grace as you share. Meditate on the grace that God has shown you specifically.
